

Advance Funeral Plans — Package Summary

Peace of mind. For you. For them.

Package funeral services apply to deaths within Thailand only. Ashes are handed over to next of kin within Thailand, or scattered at sea. International ash shipment is not included.

Prices & 10-month payments

Package	Base price	VAT 7%	Total incl. VAT	Per month × 10
A	20,000	1,400	21,400	2,140
B	40,000	2,800	42,800	4,280
C	50,000	3,500	53,500	5,350

All amounts in THB. The total including VAT 7% is what you pay for the package. Monthly instalment = total ÷ 10. Items not included, optional extras and any other applicable taxes are charged separately. If the plan holder is still alive 5 years after the plan starts, an extra 10% of the package price before VAT is charged — and again every 5 years after that, each time worked out on the already-raised price. For example, Package A (before VAT): 20,000 THB → after 5 years +2,000 = 22,000 THB → after 10 years +2,200 = 24,200 THB.

Cancellation & refund policy

Cancellation periods run from the plan or contract start date.

Within 30 days of the plan start date

Cancel within 30 days for a full refund (100%) of the amount paid, with no accrued interest.

After 30 days, within the first year

Refund of 70% of the amount paid, with no accrued interest.

During the second year

Refund of 50% of the amount paid, with no accrued interest.

Cancellation after the second year

No refund if you cancel after the second year from the contract start date, unless you have moved to live outside Thailand (see below).

Death outside Thailand

If death occurs outside Thailand within the first two years of the plan and we cannot arrange the funeral in Thailand, 50% of the advance payment is refunded to the next of kin or executor. A death certificate and/or related documentary proof is required, and the refund request process must be completed within 180 days of the date of death. No refund applies to death abroad after the second year or if the process is not completed within this deadline.

Moving to live outside Thailand after the second year

If you move to live outside Thailand after the second year of the plan, 50% of the amount paid is refunded. You must show that you have lived outside Thailand continuously for more than one year: the stamps in your passport must show that you have not entered Thailand for more than a year.

Refunds in practice

Refund percentages apply to the amount you have actually paid, not the full contract price. This example assumes you have paid 10,000 THB.

When you cancel	You receive
Within 30 days of the plan start date	10,000 THB
After 30 days, within the first year	7,000 THB
During the second year	5,000 THB
Cancellation after the second year	0 THB

Suppose you paid 53,500 THB in full (Package C including VAT), then moved home in year three. Once your passport shows more than a year without entering Thailand, you receive 26,750 THB back (50%). If you cancel after year two while still living in Thailand, there is no refund.

If death occurs outside Thailand, the 50% refund applies only within the first two years of the plan, and must be completed within 180 days of the date of death. It does not override the no-refund rule after year two.

How your prepaid money is held

Where the money goes

Your payments go into a separate company account that is used only to receive funeral-plan payments.

Financial protection

The company holds a letter of guarantee issued by a bank for customers' money. If the company closes, is sold or can no longer provide the service, you get back 100% of the money you have paid. Ask us for the details of the guarantee before you sign.

Future prices

If the plan holder is still alive 5 years after the plan starts, an extra 10% of the package price before VAT is charged — and again every 5 years after that, each time worked out on the already-raised price. For example, Package A (before VAT): 20,000 THB → after 5 years +2,000 = 22,000 THB → after 10 years +2,200 = 24,200 THB. Ask us to show you how this applies to your plan before you sign.

Your farewell, your way

We currently arrange two kinds of farewell: a Thai Buddhist ceremony (Package C), or a non-religious cremation with no ceremony (Package A or B). We do not currently arrange services for other religions.

Where we serve

We currently provide funeral services in: Bangkok, Samut Prakan, Pattaya, Chonburi, Cha-am, Hua Hin, Pranburi, Chiang Mai. If you live, or plan to move, outside these areas, please ask us before you sign.

Family overseas and who decides

You can name family members overseas, or a trusted friend in Thailand, to make decisions about your arrangements, and we can speak directly with your relatives abroad. Write their names and contact details on the Family Emergency Information Sheet, and tell us who they are when you plan.

Plan validity & outstanding payments

The plan becomes valid once full payment is received or the instalment setup is completed. Your plan start date is recorded in your agreement.

If the client dies before completing payment, under the agreement the client consents to, and authorises, the provider settling the outstanding balance from the client's bank account or from the sale of their assets. Any action remains subject to Thai law and the applicable procedures; it does not give automatic access to accounts or authority to sell assets.

Important notice

This is a package summary, not the private agreement. Review the written agreement with the company before committing. The agreement sets out services, payment, refunds, privacy (PDPA) and Thai governing law. Actual items and arrangements may vary.
